

Heritage Crossroads Miles of History

In 2008, 98 miles of Flagler County roads were designated as a Florida Scenic Highway, Florida's first heritage highway. Since that time this advocacy group has worked diligently to implement its mission of community education, resource enhancement and protection of the region's heritage resources. Our defining values involve promoting an appreciation for the history of Flagler County, economic development of the region to build a vibrant local economy, a desire to ensure that future generations understand their roots, and maintaining partnerships with other community advocacy groups having similar interests. Through education and interpretation we will enhance the visitor's experience and the community's appreciation of the region's heritage.

For more byway resources check our travel itinerary at www.HeritageCrossroads.org

Our Mission

The mission of Heritage Crossroads is to highlight the historic resources of Florida's first Heritage Highway through the promotion and preservation of the Byway's resources and their place in Florida's history.

Our Focus

Since designation, Heritage Crossroads has worked diligently to implement its mission of community education, resource enhancement and protection of the region's heritage resources. Through education and interpretation our focus is to enhance the visitor experience, and to engage the youth of the community to better understand and appreciate the region's heritage.

Our Goals

1. Resource protection
2. Resource promotion
3. Advocate for a balance between development and heritage preservation
4. Community awareness of the region's history
5. Engage the youth of the community through fundraising and volunteer opportunities
